

BUY A BRICK PAVE THE WAY

The Hillsdale County Agricultural Society is excited to announce a new fundraising opportunity. We will be selling personalized paver bricks. The bricks will be placed around the "re-purposed" Information Booth. Research on the history of that building tells us that the Judges Stand was built in 1890, which makes it 130 years old. Although harness racing was discontinued at the track, the Board still felt it was important to save the building if possible. That led to its move from the infield to the north end of the fairgrounds. It is now used as the Information Booth during fair week. The selection of that space to place the pavers will complete the look of that area, set the bricks in an area nearby what will be the new restrooms that the pavers will help pay for.

Fairgrounds usage is increasing each year. It is no longer just a place for weddings, family reunions, livestock shows, festivals and camping. A major need at the fairgrounds are adequate

restroom facilities. This restroom will be possible through your support of the brick paver project. With the new, improved restrooms, we will have a year-round facility which will be useful when events are held here at the fairgrounds and will give us the ability to recruit new users for our facility.

When selecting your brick message keep the following things in mind:

- A single line message can be up to 14 characters.
- A two-line message would be 27 characters.
- A three-line message would be limited to 27 characters.
- For the most visibility, we recommend two-line bricks.
